# Hopewell Physical Therapy donates \$2,500 to Turfs Up! project

BY NEWS STAFF

Tom Bartolino of Hopewell Physical Therapy recently joined the growing list of Turfs Up! supporters with a \$2,500 donation. Hopewell Physical Therapy is one of the many local businesses to support the community's effort in building an artificial-turf field at Hopewell Valley Central High School.

"As a coach in the community I know first hand the challenges of finding a place to practice and play, especially when conditions make grass fields unplayable," Bartolino said as he presented his check to Sheryl Stone of the Recreation Foundation of Hopewell Valley.

"Tom's donation today is just one example of the many community businesses that support this project," Stone explained. "The Recreation Foundation recently did a mailing to local businesses asking for their support; and Tom answered the call. For more information on the Turfs Up! project, or to make a donation, please go to [www.hvrecfoundation.org](http://www.hvrecfoundation.org).
